

Week 11 — Card Sorting, Sitemap & User Flows

Due this week: Individual Assignment 2 (prototype + research report + walkthrough).
Confirm submission before leaving.

Today's focus

- Run a card sort on your content / features
- Draft a sitemap and task flows for selected tasks
- Align navigation labels with user language from research

Roles

Role	Name
Facilitator	
Card-sort lead	
Sitemap lead	
Flow lead	

Activity 1 — Card inventory (15 min)

List **12–20** content / feature cards (one phrase each).

#	Card label	Source (research / assumption)
1		
2		
3		
4		
5		
6		
7		
8		

Activity 2 — Card sort (40 min)

Open or closed sort with peers / group. Record final groups.

Group / category name	Cards included	Open question

Activity 3 — Sitemap draft (25 min)

Write hierarchy (indent with dashes if needed):

Home

- ...
- ...
- ...

Nav label (user words)	Destination	Notes

Activity 4 — User flows for two tasks (25 min)

Task	Entry point	Key decisions	Success screen	Dead end risk
Task A				
Task B
